TUITION & FEES

AICU does not participate in any government financial aid program. Tuition is on a course by course basis, and course materials are not included in the tuition. All checks or money orders for tuition and fees should be made payable to: **Adonai International Dominion Ministries, Inc.** Students may pay their tuition/fees online at AICU website. Just click on the link: ***"Pay Tuition & Fees"*** to pay with a debit or credit card. International students may also pay their tuition and fees with an authentic international certified check/money order payable in at a U.S bank, and payment will be posted to student's account when the certified check or money order has been cleared at the bank. However, the best option is to pay online at our website. The process is set up to receive payments in U.S currency; and this would allow foreign students with different currency to make payments as if they were in they were United States.

PLMPE FEE (if applicable).....	\$65.00.....	\$75.00

However, they must pay the required AICU undergraduate tuition as required, and which is half the regular tuition. This is required for the number of potential credits to be granted through the conversion of completed courses from their old certificate (s) and/or diploma (s), and before such credits are officially granted. If the **ASM** graduate is also applying for ministry evaluation for credits, the \$65.00/\$75.00 evaluation fee is still applicable and must be paid along with the submission of this application.

PLEASE READ: This application is for the general admission at AICU, and the required fee is due along with the application. Students must enroll in each trimester separately as they progress in their program until completion. They must enroll in the full number of courses required for a **regular track** or an **accelerated track**. They may only enroll in fewer courses in any trimester if the remaining courses are less than required under a **regular** or **accelerated track**. If they only have one remaining course to complete their program, they are only required to enroll in one course in the last trimester of their program. Trimester enrollment must be in conformity to the course enrollment requirement for each program as outlined in the AICU catalog except in cases as noted on the trimester enrollment form. Students may enroll in more than one trimester at once, but can only progress with the required courses in one trimester at a time. A Student enrolled in a half block (A) must enroll in the second block (B) immediately upon completing and submitting the coursework for the last course in that block (A) to prevent loss of time, allowing themselves to proceed with the program in a timely manner. If any course is not completed in a trimester, the student must re-enroll in the course in the next trimester to allow him to submit his work for grading and in some cases this may extend the trimesters required to complete the program. Students must note that this will cost more than the full tuition required for the program. Therefore it is best that they proceed with the program in a timely manner. Please see the short trimester enrollment form.
