TUITION & ENROLLMENT FEE

Tuition and fee can also be paid online at AICU website with a Credit or Debit Card. You can pay online and submit your application by email. Enrollment herein must be in conformity to the trimester enrollment (course enrollment) requirement for each program as outlined in the AICU catalog except in cases as noted below. Students may enroll in more than one trimester at once, but can only progress with the required courses in one trimester at a time. If any course is not completed in a trimester, the student must re-enroll in the course in the next trimester to allow him to submit his work for grading and in some cases this may extend the trimesters required to complete the program. Students must note that this will cost more than the full tuition required for the program. Therefore it is best that they proceed with the program in a timely manner.
